Dear Pat,

As I sat back and watched the devastation from the flood this week you came to mind. Thank God we had very little flooding, we never lost power and our pump kicked in and worked like crazy. Anyway, as corny as it sounds I just wanted to take a minute to say "Thanks".

This summer made 5 years since we moved into our home and you helped us select the right home for our family. When we started searching we were truly clueless but you were so professional and guided us every step of the way. You were mindful of things that we were clueless about, such as environmental hazards, oil tanks, radon, lot elevations and so on, and although you could have sold us a home anywhere you didn't. Each time we have a storm and our sump pump kicks in I am so grateful to you for pointing out the importance of something as simple as having a pump in the first place! You may not even remember the specifics of what you told us to look for in a home or what to avoid but we didn't forget.

Thanks again for doing such a fabulous job! I pray that you fared well through the storm and that God will continue to make you prosper.

Dear Pat

As a first time home buyer, I had done my research and saved for a down payment, but the real estate market was still very foreign territory, especially in the midst of our countries economic crisis. A former client of yours recommended you very highly and gave me your business card. I had kept it for over a year. So, once again, I decided to look.

Your service and attentiveness was superb, yet I never felt pressured. What I appreciated most was how you educated me regarding what my money could buy in different towns within a 20-minute radius from my place of employment.

Your integrity and candidness was most appreciated. It was your professional knowledge of the real estate industry and the territory in New Jersey that helped me make a wise and very timely financial decision to purchase my first home!

It's been one year now, and I truly enjoy my new condominium. Thanks Pat!

Yvonne

"We have been working with Pat for over 10 years, and have bought, sold and rented property through her. She is very professional and thorough in her job. Pat has always been available to discuss our concerns. We hope to work with Pat in the foreseeable future and highly recommend her."
